

How to Add the Trust Point Website to Your Home Screen on an Android Device

1. Open the Google Chrome App and navigate to the Trust Point website at www.trustpointinc.com.

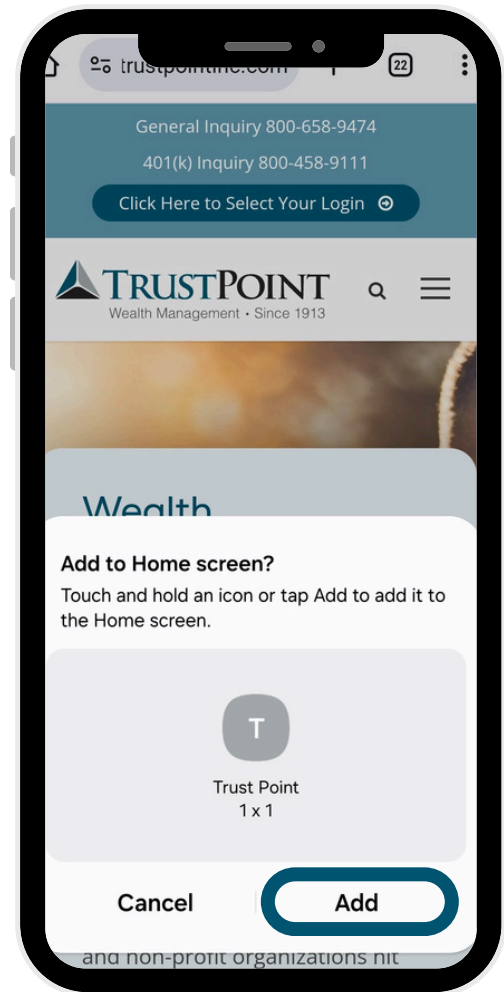

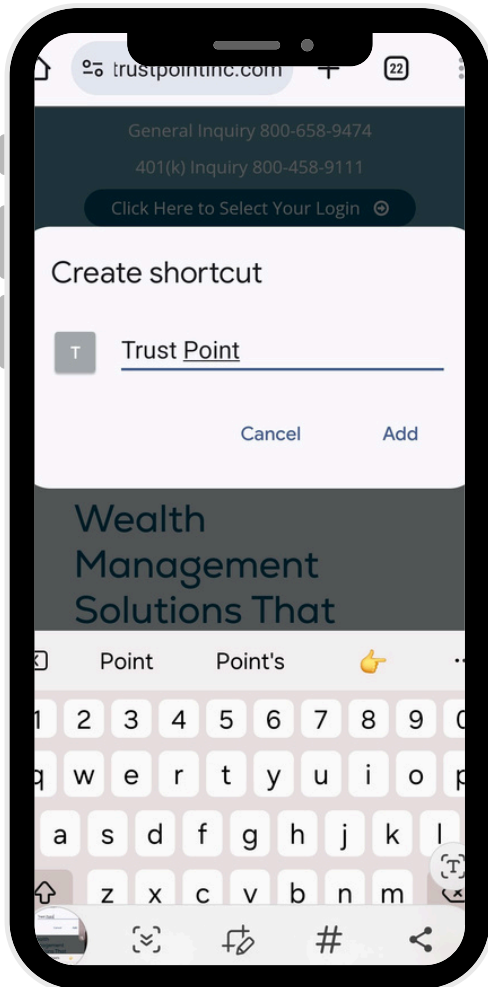

2. After the website has loaded, click on the three vertical dots at the top-right corner.

3. Next, select “Add to Home Screen.”

4. On the “Add to Home Screen?” screen, you will see a preview of the shortcuts icon.

5. Choose a name for the website shortcut, then Chrome will add it to your home screen.

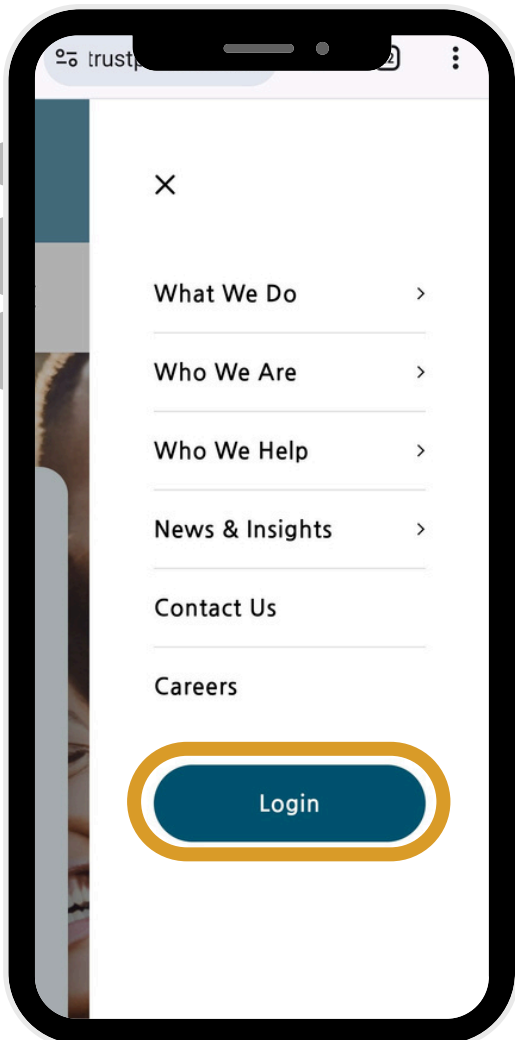

6. Tap the “Add” button to place the new icon on your Android device’s home screen where you have available space.

a. If you prefer to place the icon elsewhere on your home screen, touch and hold down the icon, then drag it to your desired location.

7. Click on the “Wealth Management” application on your home screen. (This is the bookmarked application for the Trust Point website.)

8. Once you are on the Trust Point website, click on the hamburger menu (shown to the right) at the top-right of the screen.

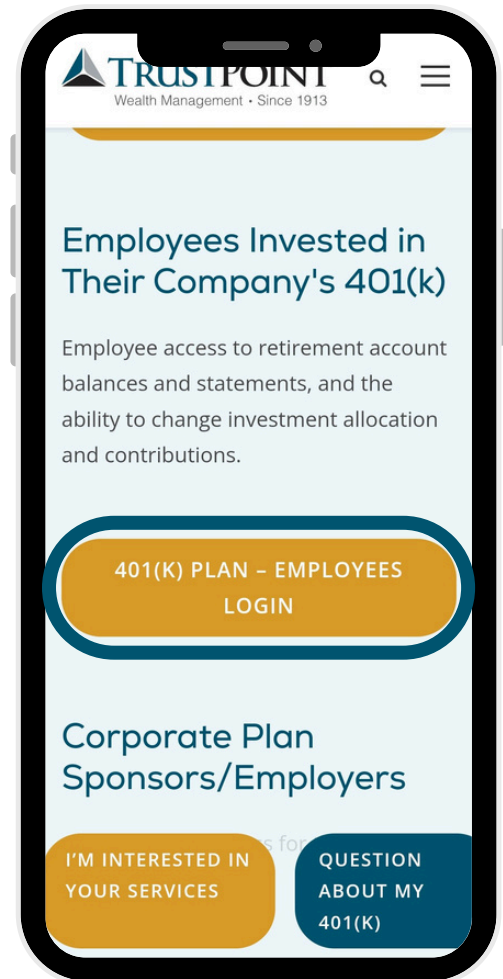

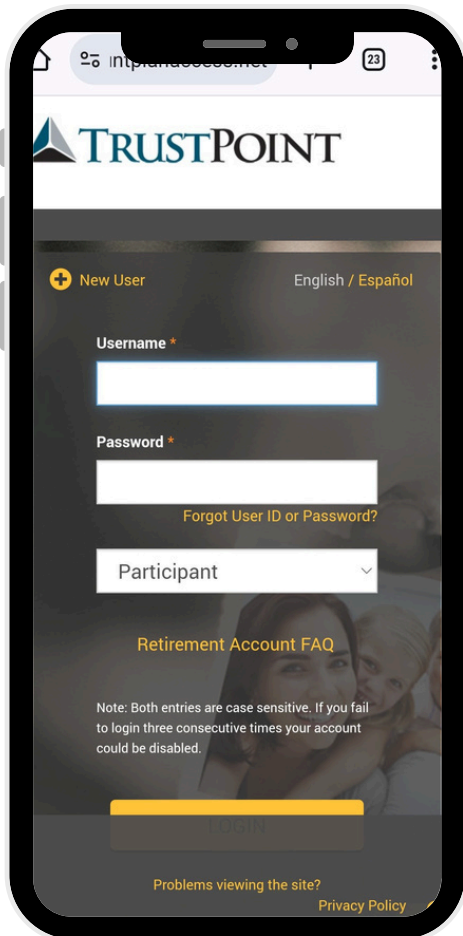

9. Select “Login” from the menu shown.

10. Login Links for Current Clients will appear, click the “Login” button.

11. Select the “401(K) PLAN - EMPLOYEES LOGIN” button.

12. Enter your Username and Password to login to your account.
